

Warming Centres Rural Waterloo Region

Prepared: December 22, 2014

A list of warming centres across the region will be posted on Public Health’s website (<http://chd.region.waterloo.on.ca/en/healthyLivingHealthProtection/extremecold.asp>) whenever an extreme cold media advisory is issued. The expectation is that warming centres will provide a heated space for residents to warm-up in. There is no expectation of extra amenities or services at these centres above what is regularly provided. This expectation is consistent with ‘cooling centres’ during summer months, that is, air-conditioned buildings or other facilities which are activated during a humidex advisory.

***Please note locations and available hours are subject to change without notice.
